GREATEST IRRIGATION PROJECT FINANCED

Money Available to Build Canal and Water Lands of the Bruneau Project.

Idaho Falls, March 20.—J. C. West, Idaho Falls, has had the excavation for a two-story business block in which will cost between \$10,000 and \$12,000.

West, who recently returned from a business trip in the east, stated in a letter to a representative of The Tribune that while in Chicago he learned reliable sources that the money available for building the irrigation canal for the great Bruneau project in southern Idaho, and that the money had been secured by the state of Idaho, and that the money was now available for the construction of the canal.

West stated that the canal will be about 100 miles long, and will irrigate about 100,000 acres of land in the Bruneau project in southern Idaho. The canal will be built by the state of Idaho, and the land to be irrigated will be sold to the farmers at a low price.

Electric Road Sure.

Idaho Falls, March 21.—The very first electric road in Idaho, the Idaho Falls electric road, is now being built. The road will be about 10 miles long, and will connect Idaho Falls with the town of Pocatello. The road will be built by the Idaho Falls Electric Company, and the land to be used for the road will be sold to the company at a low price.

Seed Show Will Be Big.

Idaho Falls, March 21.—Idaho Falls seed show which will be held in the city some time next fall, is attracting the attention of people all over Idaho. It is the intention to offer prizes to growers of grain and fruit, and to the exhibitors of the best seed of various crops. The show will be held in the city of Idaho Falls, and the prizes will be offered by the Idaho Falls Seed Show Association.

Convention Arranged for.

Idaho Falls, March 21.—Idaho Falls will give quite a reputation as a convention city, the latest gathering which is being held here being the state automobile convention. The convention will be held in the city of Idaho Falls, and the prizes will be offered by the Idaho Falls Automobile Convention Association.

Hold as Rich-Quick Schemer.

Idaho Falls, March 21.—Frank W. Smith, son of Conductor Joans of the Idaho Falls branch train, was arrested on the charge of promoting a rich-quick scheme and using the name of the state of Idaho to defraud. Young Smith is a well known here and has been in the city of Idaho Falls for some time. He was arrested by the Idaho Falls Police Department, and is now being held in the city of Idaho Falls.

JOHN DAVIES, BARD AND WRITER, DIES

Impressive Funeral Services Held in Provo; Many Noted Men Speak.

Special to The Tribune.
PROVO, March 21.—Impressive funeral services for John J. Davies, Welsh bard, poet and writer, who died here Tuesday at the age of 77 years, were held in the Second ward meeting house this afternoon at 2 o'clock.

The services were attended by a great many of the deceased's friends from Salt Lake and other neighboring towns. Bishop J. B. Berg presided. The speakers were Bishop Berg, former Governor Arthur L. Thomas of Salt Lake, ex-Mayor S. E. Jones of Provo, John R. McGinnis, Walter J. Lewis, M. LaFramme, David John. They paid glowing tributes to Davies, who was known not only in Provo but in the entire state as a writer of no ordinary ability. Mr. Davies, who was born in Wales, had been a resident of Provo for many years.

Impressive music was furnished by the ward choir, under the direction of David Whitehead. Mr. Whitehead and George Harrison were the soloists. Mr. Harrison sang a hymn to the melody of "My Father," by the request of the deceased shortly before his death.

Mr. Davies was born in Llanbrydydd, county of Carmarthen, in South Wales, October 25, 1834. Accompanied by his wife and two sons, he came to Utah in 1878 as a convert of the Mormon church. Mrs. Davies preceded her husband to the grave about eighteen months ago. One of the sons, Taliesin Davies, a well known architect of Utah county, died in December, 1910.

M'GUINN INNOCENT, IS JURY'S VERDICT

Accused of Killing a Man in Saloon Fight, He Is Acquitted.

Special to The Tribune.
PARK CITY, March 21.—A verdict of not guilty was returned today by the jury in the trial of Martin McGinnis, charged with murder. The jury deliberated for 2 o'clock last night until 5 o'clock this morning before reaching a verdict.

McGinnis was charged with having caused the death of Joseph Polkin, who died April 12, 1911, following a fight with McGinnis in which Polkin was badly beaten. The men had quarreled over matters connected with their trade union. The defense declared that Polkin's injuries resulted from a fall which occurred after the fight, when the man was on his way to the hospital to receive treatment against his adversary.

Come to our store Saturday for your Uneda Biscuit, Two (2) cents a package.

SHOCKED TO DEATH IN MYSTERIOUS WAY

Curious Circumstances Testifies to Manner of Death; May Have Been Suicide.

Idaho Falls, March 21.—The first ward of Nephi held a reunion on Wednesday and Thursday of this week, in which practically every member of the ward took part. A big banquet was given Wednesday afternoon. It is estimated that nearly 500 people sat down to the banquet. After the banquet the following program was rendered:

Will Discuss Depot Site.
Idaho Falls, March 21.—R. E. Irvine, Jr., president of the Commercial club, has called a special meeting of that organization for Friday night to discuss the question of a depot site for the Utah Central railroad. The meeting will be held in the city of Idaho Falls, and the prizes will be offered by the Idaho Falls Depot Site Association.

Hold Warm Reunion.
Idaho Falls, March 21.—The first ward of Nephi held a reunion on Wednesday and Thursday of this week, in which practically every member of the ward took part. A big banquet was given Wednesday afternoon. It is estimated that nearly 500 people sat down to the banquet. After the banquet the following program was rendered:

Will Resume Experiments.
BRIGHAM CITY, March 21.—The Agricultural College of Utah will again make experiments in irrigation in this city this year. Professors E. H. and F. H. were in this city early in the week arranging their plans and other details preparatory to commencing the experiments at the beginning of the season. The orchards of the Valentine Fruit company, northwest of the city, will be used again in conducting these experiments.

A Reasonable Plea For the Stomach

If Your Stomach Is Lacking in Digestive Power Why Not Help the Stomach Do Its Work?

Especially When It Costs Nothing to Try.

Not with drugs but with a reinforcement of digestive agents, such as are naturally at work in the stomach! Scientific analysis shows that digestion requires pepsin, nitrogenous ferments, and the secretion of hydrochloric acid. When your food fails to digest, it is proof positive that some of these agents are lacking in your digestive apparatus.

Stuart's Dyspepsia Tablets contain nothing but these natural elements necessary to digestion and when placed at work in the weak stomach and small intestines, supply what these organs need. They stimulate the gastric glands and gradually bring the digestive organs back to their normal condition.

Stuart's Dyspepsia Tablets have been subjected to critical chemical tests at home and abroad and are found to contain nothing but natural digestives.

Chemical Laboratory, Telegraphic address, "Diffundo," London. Telephone No. 11029 Central. 20 Culham St., Fenchurch St., E. C.

I have analyzed most carefully a box of Stuart's Dyspepsia Tablets (which I bought myself at a city chemist's shop for the purpose), manufactured by the F. A. Stuart Co., 86 Clerkwell Road, London, E. C., and have to report that I cannot find any trace of vegetable or mineral poisons. Knowing the ingredients of the tablets, I am of opinion that they are admirably adaptable for the purpose for which they are intended.

John R. Brooke, F. L. C., F. C. S.
There is no secret in the preparation of Stuart's Dyspepsia Tablets. Their composition is commonly known among physicians, as shown by the recommendations of 40,000 licensed physicians in the United States and Canada. They are the most popular of all remedies for indigestion, dyspepsia, water brash, insomnia, loss of appetite, melancholia, constipation, dysentery and kindred diseases originating from improper dissolution and assimilation of foods, because they are thoroughly reliable and harmless to man or child.

Stuart's Dyspepsia Tablets are at once a safe and a powerful remedy, one grain of the active principle in these tablets being strong enough (by test) to digest 3,000 grains of steak, eggs and other foods. Stuart's Dyspepsia Tablets will digest your food for you when your stomach can't.

Ask your druggist for a fifty cent box, or send to us direct for a free trial sample package and you will be surprised at the result. F. A. Stuart Co., 50 Stuart Bldg., Marshall, Mich.

sending representatives to Italy, Russia and Bohemia for the purpose of enlisting the desirable and competent people of those countries.

"It would also be advisable to organize bodies to meet the people as they come from abroad and present to them the advantages of making Utah and California their homes," the governor said. His idea was taken up by the Los Angeles Chamber of Commerce and President Osborn declared it is a suggestion that should be acted upon promptly.

"Southern Utah and Southern California are the most fertile fields in the western continent for vine culture," Governor Spry said, as he was leaving for San Francisco. "They require the introduction of some old world methods to realize their full possibilities. I consider it would be a good investment to bring in some of the sturdy people from the European grape growing districts where the industry has reached its greatest development. When this is done I believe western America will lead the world in vine culture."

Public Buildings in Idaho.
Special to The Tribune.
WASHINGTON, D. C., March 21.—The senate today passed a bill authorizing the construction of public buildings at Coeur d'Alene, Idaho, at a cost of \$175,000 and at Pocatello of \$200,000. No objection was made by Senator Lea of Tennessee to the passage of these bills, and he is believed to have secured the passage of western public building bills ended with his objection to those for Memphis, Nashville and San Diego, Wash., and St. George, Utah.

DR. SPERRY CLOSES LECTURES IN CITY

Talks on the Subject, "Mind and Body; Which Is the Boss?"

BIG AUDIENCE PRESENT

Lecture Is Delivered to Women Only in the Afternoon.

The final of the series of popular lectures by Dr. L. B. Sperry, under the auspices of the Deseret gymnasium was delivered last night to a large audience of men and women at the tabernacle.

The subject of the lecture was "Mind and Body; Which Is the Boss?" Dr. Sperry prefaced his lecture with a reference to the many religious laws and schools of medicine existing in the world in which there was much philosophy and more "folksology."

Dr. Sperry said that the people live in a material world, with material bodies, composed of bones, muscles, brains and material senses, having not only consciousness and will, but sentiment and emotion.

He then outlined the cerebro-spinal nervous system and the sympathetic nervous system, which control the organs of the body.

Each of these nervous systems, Dr. Sperry said, was modified by the other and interdependent of the other. Every mental state, he said, affected the body and its functions. A mental state characterized by fear tends to bring on depression and disease. Every mental state characterized by faith or the assurance of things hoped for tends to bring on health and happiness.

Jealousy Causes Cancer.
Mental action governs the operation of the physical system. Citing the effect of jealousy on the physical system, Dr. Sperry referred to a statement by an eminent physician that one-half of the cases of cancer in his practice were due to jealousy.

Through the mental state the tissues and fluids of the body become poisonous, he said.

Even where the mental state is not based on fact, Dr. Sperry pointed out, the effect on the body is the same as when based on fact.

The speaker summed it all up with the quotation, "As a man thinketh in his heart, so is he."

A great source of disease in the world, Dr. Sperry said, was the wreckage of the affections of women and the use of alcohol and liquor.

There was nothing new in Christian Science, or as he termed it, scientific Christianity. Although he was not a Christian Scientist he was willing to recognize the truth it contained. He also paid the same recognition to what was true in Mormonism and Catholicism. The Catholic confession was a great curative agent, he said, as it placed the minds of those who believed in it in the right state. If the state of the mind was put right, a multitude of diseases could be cured. He exhorted his hearers to get in line with God's laws, physical, mental and moral.

Physicians Are Needed.
There were, however, he said, limitations to mind and matter. For this reason there was need of physicians who were intelligent enough to appreciate the relations of the mental to the physical state.

What is called new thought, Dr. Sperry said, is only old thought which was expressed by St. Augustine Paul when he said, "Whatsoever things are pure, whatsoever things are lovely, think on these things."

Dr. C. F. Tennant of Denver, who also was to have delivered a lecture, was not able to be present owing to a delayed train.

Vocal selections were rendered by the Liberty quartette.

In the afternoon Dr. Sperry delivered a lecture to women exclusively at the tabernacle on the subject, "The American Woman of the Twentieth Century."

TIRED LOOKING WOMEN

How to Avoid Appearing Old Before Your Time

Some women always wear a worn, tired look. It is the outward sign of nervousness with its accompaniment of worry, headaches and sleeplessness.

It is useless to tell some women to rest. Circumstances will not permit. But it is always possible to build up the strength to meet the strain.

Overwork seldom kills. Worry often does. If you would keep the worn look from your face strengthen your system with Dr. Williams' Pink Pills and do not worry. Dr. Williams' Pink Pills are a blessing to women. They preserve the beauty that health alone can give, the youthful brightness of eyes, the color in cheeks and lips that comes alone from rich, red blood.

Mrs. John Utter, of Puyallup, Wash., says: "I suffered for eight years from all the pains and sickness that women of my age are subject to. I was able to work only part of the time and often could just drag around. Most people would have given up and gone to bed. I was so nervous that I could not get much sleep and was subject to headaches and dizzy spells. My stomach was out of order all of the time and I was troubled with gas forming on it. I would often have something on my mind that I could not get myself up. I took a great many kinds of medicine but found no relief until I followed a friend's advice and tried Dr. Williams' Pink Pills. They helped me right away. I could sleep better, was not so nervous and became stronger. I used the pills for some time and was entirely cured. Since then I have always had Dr. Williams' Pink Pills in the house. My husband had a severe case of inflammatory rheumatism which settled in his hands and feet. A few boxes of the pills cured him and he has never had a return of the disease."

Get a box of Dr. Williams' Pink Pills from your druggist today. Do not delay. Begin the treatment now. Write the Dr. Williams Medicine Co., Schenectady, N. Y., and learn what the pills have accomplished in cases like yours. If you cannot get Dr. Williams' Pink Pills readily near home send fifty cents for one box or \$2.50 for a half dozen, by mail, postpaid.
